Since then, we've had the opportunity to cover a wide range of topics, from analyzing data on the biases in online media coverage, to creating infographics detailing Canada's colonial and violent history.

### **Intersectional Analyst**

A set of primary colors is, most tangibly, a set of real colorants or colored lights that can be combined in varying amounts to produce a gamut of colors. This is the essential method used in applications that are intended to elicit the perception of diverse sets of color, e.g. electronic displays, color printing, and paintings.
