The complete agreement is included in the Handbook, and it's available from the American Pathology Foundation upon request. The terms of the license agreement are subject to change without notice or your consent.

END CODING LOSSES TODAY! - APF

The cutoff of 35 kU/L for CA 125 was determined from the distribution of values in healthy individuals to include 99% of the normal population. [] The lack of an international standard for CA 125 hampers comparability among laboratories, and values derived from different methods are not interchangeable.

CA 125: Reference Range, Interpretation, Collection and Panels

Number: 0443 (Replaces CPB 359) Policy. Consistent with guidelines from the U.S. Preventive Services Task Force and the American College of Obstetricians and Gynecologists (ACOG), Aetna considers annual cervical cancer screening with conventional or liquid-based Papanicolaou (Pap) smears a medically necessary preventive service for nonhysterectomized women age 21 years and older.

Health care or healthcare is the maintenance or improvement of health via the prevention, diagnosis, and treatment of disease, illness, injury, and other physical and mental impairments in human beings. Healthcare is delivered by health professionals (providers or practitioners) in allied health fields. Physicians and physician associates are a part of these health professionals.

Health care - Wikipedia

The reference ranges for your tests can be found on your laboratory report. They are typically found to the right of your results. If you do not have your lab report, consult your healthcare provider or the laboratory that performed the test(s) to obtain the reference range.
