the history of graphic pdf

History of Graphic Design Industrial Age. The Industrial Revolution brought about high speed printing presses which initially doubled the output of a typical hand press. With the invention of the Linotype by Ottmar Mergenthaler in 1886 the second problem of having to manually typeset a page was also solved.

The History of Graphic Design - Mrs. McArthur's Computer

Book Description: A History of Graphic Design is recognized as a seminal work; this Third Edition surpasses in detail and breadth the content, design, and color reproduction of previous editions. It is required reading for professionals, students, and everyone who works with or loves the world of graphic design.

Graphic design work is everywhere you look. It's on the packaging that you see in grocery stores and other retail spaces. It's on t-shirts and clothing, business cards, book covers, television, video games and street signs. It's an ever present line of work that people seldom pay close attention to, even though the history of graphic design is thousands of years old.
