Kids Cooking Activities Using the Five Senses: Taste, Smell, Sight, Hearing, and Touch Provide experiences with food that not only develop small muscles for kneading, mixing, mashing, shaking, scrubbing, but make children more aware of their five senses. Food can be a motivator and a tool for teaching.

### **Kids Cooking Activities Using the Five Senses: Taste**

Everything alive needs water yet scientists aren't sure why.. (What does death look like but lack of water. All things dead dry up and shrivel). The most common belief is we need the energy holding the atoms together since we get oxygen from breathing. Just being near water has a soothing effect on us all as well. Simply put, water is life.
