women and there are many reasons for this. Some have to do with the family in which one grows up and some with variations in personality. Other differences have to do with the difference in brain structure between men and women. Recent research has shown that the brains of men and women are constructed differently.

Do Men Grieve Differently?

A study from Chhattisgarh, India showed that perinatal grief in Indian women is characterized by sadness, unhappy feeling, shame, guilt, dishonour, lowered self-worth, fear and yearning for a ...
